# MAHATMA GANDHI

Mohandas Karamchand Gandhi was born October 2, 1869 in the town of Porbandar in Gujarat, India. He studied law in England and later worked in South Africa where he began his life of service centered around the ideals of Ahimsa (nonviolence or love) and Satyagraha (holding firmly to truth). In 1915 he returned to India to help with the movement for India's freedom and independence from British rule. He is known as Bapu (father) and referred to as Mahatma (great soul).
